Protective Shield for public and work areas

- **Protect /secure work areas of your employees as well as for your customers**
- **Modular, self-supporting, aesthetic, flexible layout that adapts to all situations**
- **Permanent or temporary installation (mobile) without modification / drilling of surfaces**
- **Possibility of custom transactional opening**
- **Made of PETG plastic (recycled plastic bottles) which is more malleable and will not tarnish (whitish mist) by the use of disinfectants (alcohol, ammonia)**

Coviguard Protective Shield

For public and work areas
